

SCOPE OF WORK - Bike Central

Project Name

Bike Central – WooCommerce E-Commerce Website Development

Client Details

- **Business Name:** Bike Central
- **Contact Person:** Adeel Razaq
- **Email:** adeel.razaqq@gmail.com
- **Phone:** 07980 820701

1. Project Overview

The objective of this project is to design and develop a modern, responsive, and user-friendly WooCommerce website for Bike Central, focused on showcasing and selling electric bikes (e-bikes), accessories, spare parts, and repair services.

The website design inspiration, layout structure, and overall user experience will be based on the reference website:

[Tesway Bikes UK](#)

The website will help Bike Central:

- Showcase electric bike products professionally
- Sell bikes and accessories online
- Generate service/repair inquiries
- Build brand trust through testimonials and blogs
- Improve online visibility and customer engagement

2. Technology Stack

- **Platform:** WordPress
- **E-Commerce:** WooCommerce
- **CMS:** WordPress Admin Panel

- **Frontend:** HTML5, CSS3, JavaScript
 - **Responsive Framework:** Mobile & Tablet Optimized
 - **Plugins:** WooCommerce + Required Supporting Plugins
 - **Hosting:** Client provided
 - **Payment Integration:** WooCommerce-supported payment gateways
-
